EXPERIENCE

Forward-Deployed Design Apprentice — HourTable

July 2026 - Present · Remote

- Selected as a top graduate of UXD Academy's AI Experience Design program for a paid apprenticeship applying AI-native design practice to real client work.

Prompt Designer, Healthcare SME — Turing

March 2026 - Present · Remote

- Design and refine prompts that guide generative AI model behaviour, improving accuracy and alignment with domain expertise.

Health Account Manager — Accolade, Inc.

August 2021 - July 2026 · Remote

- Managed high-volume client and member interactions, troubleshooting complex processes and explaining technical information clearly.
- Conducted root cause analysis on recurring issues and documented workflows across multiple systems.

Communicable Disease Specialist (ASMIT) — Fresno County Department of Public Health

October 2020 - July 2021 · Fresno, CA

- Led and trained a mobile immunization team serving 1,100+ individuals during COVID-19 response; designed data collection and reporting systems shared with government officials daily.

Marketing Outreach Coordinator / Junior Project Manager — Preferred Chiropractic Center

June 2018 - March 2020 · Clovis, CA

- Coordinated communications and created presentations and materials, facilitating clear information exchange with stakeholders.

WHERE I'VE WORKED

SKILLS

DESIGN	Product & UX/UI design · Figma · Design systems · Prototyping · Wireframing · Interaction design
AI BUILD	Claude Code · Cursor · React · Next.js — rapid AI-assisted prototyping
AGENTIC UX	Multi-turn conversational flows · Confidence indicators · Human-AI handoff design
PROMPT ENGINEERING	Anthropic Claude · OpenAI · Google Gemini · GitHub Copilot
FRONT-END	React · Next.js · TypeScript · Tailwind · Accessibility (WCAG 2.2 AA)
DOMAIN	Healthcare & regulated-domain design · Six years of healthcare operations · Cross-functional collaboration

EDUCATION & CERTIFICATIONS

California State University, Fresno — B.S. Health Administration, Minor in Business

2018 · NCAA Division I track & field full scholarship

UXD Academy — AI Experience Design program

Uxcel — Product Designer certification, and UX/UI Designer certification

March 2026

University of Pennsylvania, Wharton — AI for Business specialization

April 2026

SELECTED CASE STUDIES

AI UX Design · NAZO Collective · June 2025 - Present · Remote

Aurea / Sage — Healthcare AI benefits agent

Web and iOS · Submitted to the Apple App Store · [sage-health-agent.vercel.app](#)

- A trust-first benefits agent with real tool-calling architecture, a written safety constraint layer, and 15 scripted safety tests, backed by a Figma design system kept in sync with production code. Aurea is the fictional company and app; Sage is the AI agent inside it.

CYPHR — AI image-detection Chrome extension

Submitted to the Chrome Web Store · [getcyphr.com](#)

- Shipped solo end to end: brand system, pricing, live billing infrastructure, and a confidence-percentage verdict design.

Flavors by Chef Tina — Brand and marketing site, client

Next.js · Framer Motion · [flavorsbycheftina.com](#)

- A production marketing site for a private chef and catering business, with structured data for search engines and AI answer engines.

NAZO OS — Self-maintaining knowledge system

Solo: system design, build

- A second brain and project command center that captures, distills, and cites 92+ sources across 28 wiki articles.

Full case studies for each are at [nazocollective.com/projects](#).
